EU Declaration of Conformity

Packaging and Packaging Waste Regulation (PPWR), (EU) 2025/40

SignalCraft Technologies Inc. hereby confirms that, to the best of its knowledge and based on information available to the company, the packaging used for products supplied to customers in the European Union is managed in accordance with the applicable requirements of Regulation (EU) 2025/40 on packaging and packaging waste (PPWR).

SignalCraft packaging includes:

- Corrugated cardboard shipping cartons for shipping and protection
- Protective foam packaging for product protection
- Bags and protective plastic wrapping for ESD protection

Packaging materials are selected and managed with consideration of applicable PPWR requirements, including packaging minimization, recyclability, material identification, and applicable substance restrictions. The combined concentration of lead, cadmium, mercury and hexavalent chromium does not exceed 100 mg/kg in the packaging or packaging components.

For more information, please contact support@signalcraft.com.

Regards,

Todd Smiley, VP of Product Development
